Section 7: Handling and Storage

General Information	
Precautions for safe handling:	Ensure good ventilation/exhaustion at the workplace. Do not eat drink or smoke when using this product. Wash contaminated clothing before reuse. Use glass or plastic vessels and pipettes when handling, rather than metal implements and vessels, as the decomposition reaction may be catalysed in contact with a metal surface.
Information about fire – and explosion protection:	Spills of hydrogen peroxide on combustible materials should be diluted with water immediately.
Conditions for safe storage, including any incompatibilities.	
Storage:	Store in cool dry area in an opaque bottle out of direct sunlight, heat and incompatible materials. Keep containers closed when not in use. Store in suitably labelled containers.
Requirements to be met by storerooms and receptacles:	No special requirements.
Information about storage in one common storage facility:	Not required.
